The Creativity Hour: Social-Emotional Learning Games

Original Web Event Date: Thursday, May 21, 2020 11:00 AM (ET)

This web event tackled how the arts help build emotional resilience and self-awareness of the range of emotions that children feel when they can't go to school and the feelings other family members have as they juggle teaching everyday with their regular routines and responsibilities, and presented strategies and ideas for how to create original games that support social and emotional learning.
